---------------------------------------	----------------------	-------------------------------

**Please ship the new unit to:**

<b>Name</b>	
<b>Company</b>	
<b>Shipment Address</b>	
<b>VAT ID</b>	

## Important: Read Carefully

- If your request is approved, you will receive an Authorization Number and a product quotation: then you can proceed with payment.
- Upon payment receipt Endian will ship the new appliance to the address you have provided and the maintenance will be transferred or activated accordingly.
- As soon as you receive your new Endian appliance, please arrange the return of the old unit to your nearest Endian Office. Detailed shipping instructions will be provided.
- Unless otherwise specified, the Trade In Program necessarily requires the old unit return: the appliance model and serial number must match to the ones provided in this Request Form.
- Your current system's settings may not be compatible with the new generation appliance, so your backup might not be imported onto the new appliance.
